Meetings of the Sons Grow in Interest. Enthusiasm Evidenced by Attendance Through Driving Cold Rain—A Ticket Given.

The Sons of Confederate Veterans held a meeting Friday night at the city hall. The band with seventeen pieces was there, and after listening to the melodies of "Dixie," "Maryland" and "My Old Kentucky Home," the Sons were in the proper mood to do a vast amount of good work. They were invited into Assessor Roberts' office, where the warm fire and bright electric lights brought the surroundings into sharp contrast with the cold rain outside. Division Commander W. A. Ledbetter was present and was requested to act as chairman of the meeting. As an incentive to membership workers for the camp a round trip ticket to the New Orleans reunion will be given to the person who solicits the greatest number of new members.

The adjutant read the report of the proceedings of the Fort Worth camp endorsing N. R. Tisdal for commander of the trans-Mississippi department and by a unanimous vote similar action was taken by this camp.

Mr. Ledbetter, division commander of the Indian Territory, gave the camp a handsome donation, for which he was greeted with loud cheers and voted a resolution of thanks.

It was suggested that the sum of the donation be used as a nucleus for a Southern library fund.

The matter of employing the band to accompany the Ardmore delegation to New Orleans was discussed and the musicians were requested to submit a proposition stating the amount of money that would be required. New members are being added at every meeting and the melody of Southern song and the wailing of Southern sentiment that have taken so much prominence in the winter festivities throughout the country are abundantly in evidence here.

JAILS WILL BE BUILT.

Jail Inspector LaDow Visits Jail Site and is Well Pleased.

Friday afternoon Major Robert LaDow of Washington, United States Jail Inspector, arrived in the city. He visited the marshal's office yesterday morning, as well as the United States attorney's office, the jail and other public places, while here.

Maj. LaDow is on a tour of inspection and to find out the condition of the jail sites in the Territory. In regard to the site at Ardmore he spoke in the highest terms, was well pleased with the location and pronounced our title for the jail site perfect.

At South McAlester and Muskogee, he said, there were local conditions which had to be overcome before the title could be made.

At Vinita, where the jail site was selected, water was found at a depth of six feet, and a change would possibly have to be made.

There are four jails to be built in the Indian Territory, and \$100,000 has been appropriated by congress to build them. Plans and specifications were gotten up and bids asked for. The lowest bid on building these jails is \$138,000.

In order to build these jails according to the original plans, it would require \$35,000 more money, and Mr. LaDow informs us that an extra \$50,000 has been asked for and has been attached to the deficiency appropriation bill, with full explanation as to the necessity of the money.

Mr. LaDow feels confident this last appropriation will be granted and in the event it does, he says the \$138,000 bid would be accepted and work would commence at once.

In event the \$50,000 was not granted, then he said they would simply cut out the administration part of the building and build them separately, and at a less cost, so that the four buildings could be built for the \$100,000 appropriated.

The Office Seeks Him.

After being presented with a petition signed by more than seventy-five citizens of the Fourth ward and after other evidences of a strong sentiment throughout his ward favoring his re-election, A. C. Young allows his name to appear as candidate for re-election to the office of alderman. Only on these conditions does he agree to accept the position, as he is a very busy man.

Mr. Young has served the present council in the capacity of chairman of the waterworks committee and his work, guided by his usual careful and good business judgment, has almost been indispensable. Mr. Young's friends are enthusiastic for his re-election.
